

Reading Quiz 6 will cover pages 40-47, four short sections.

Your “quiz” is to write a one-page single spaced summary of all four of these types of philosophy/worldviews. Please fill the page. No less and no more than one full page. I will not accept a page 2. =>

You need to have 1” margins all around, 12 pt font in Times New Roman.

I want to see your name, title, and five paragraphs.

I want to see an introduction and then one paragraph for each of the four chapters.

You will want to include key figures and beliefs of each. Your opinion, while indeed valuable, is not to be a part of this one-page writing comprehension assignment.
